This Learning Centre is here to serve children in our Niagara community who are dyslexic.

What is Dyslexia?

Dyslexia is considered a lifetime learning disorder that affects reading, writing, spelling and learning, and thus can hinder the social and intellectual development of the people who deal with Dyslexia every day. Some experts believe that as many as up to 15 or 20 percent of children may suffer from dyslexia. Dyslexia is a problem with how the brain processes written words.

New Learning Centre in Niagara:

The Scottish Rite Charitable Foundation is a proud supporter of helping Dyslexic children succeed in overcoming these challenges by establishing Learning Centres for Dyslexic Children across Canada. Niagara Valley Scottish Rite under the umbrella of the Hamilton Valley Learning Centre is pleased to announce the establishment of a new learning centre right here in St. Catharines, Ontario and serving all of Niagara.
