Brethren of Sarnia District,

The ensuing year end Installation & Investiture of Lodge Officers is upon us. Please be aware of the revisions in this schedule listed further on in this months Newsletter. Also please make note of the details of the upcoming Family District Divine Service and Summer District BBQ. Your continued support at these events would be greatly appreciated.

I would be pleased to meet and greet you at Grand Lodge 2010 where we can once again show support for those member(s) of our District running for election to a Grand Lodge office.

Grand Lodge 2009 and being elected your D.D.G.M. only seems as if it were yesterday. It's been quite a ride. I would like to thank all the Brethren who have assisted and supported our District programs and events. There is no "I" in team. All of your dedication and support has certainly made this past year a huge success. My wife Sylvia and I were most appreciative of being invited to attend the many Lodge social events held this past year.

Visitation can be termed an Area of Excellence in our activities during this term. Over 1000 such visits were recorded. The District Chairmen, Committee members, Advisor's, Worshipful Masters, my travelling companions and all members of Sarnia District who supported this effort can be proud of this upswing. Initiations continue to flourish while sadly our District lost several members to the GLA. Our District Lodge work displayed several area's of excellence. *"The bar has been raised,- strive to emulate the best."*

On joining Freemasonry, I learned that its mission is to engage and inspire good men, who believe in a Supreme Being, to live according to the Masonic tenets of Brotherly Love, Relief and Truth. The mission is guided by the core values of the fraternity: Freemasons strive to be honest, truthful and reliable, living in a just and upright manner. Freemasons embrace diversity of opinion, religious, ethnic, cultural, social and educational differences. We all have an obligation to continue the practice of these principles.

Thank you one and all for your support and may the Great Architect of the Universe continue to be our Guide.

Sincerely & Fraternaly,

Ken Wood

The College of Freemasonry

Going through the process of becoming a Mason is only part of an ongoing process of Freemasonry. Freemasonry is composed of many facets. To learn these facets is to enhance your understanding and appreciation of what Freemasonry is all about. But, how do I do that, you ask?

Section One: Masonry at Work
Section two: History & Origin of Freemasonry
Section Three: Administration and Organisation
Section Four: Preparing for Leadership

Lamp of Knowledge

You are able to order all four of the courses at the same time or, take them one at a time. Learn at your own speed while gaining valuable knowledge about Freemasonry here in Canada. For further information, you can go to the College of Freemasonry blog site at:
